Triple M Land Farms, Inc. (TMLF) is a solid waste treatment facility fully permitted (Permit #107-00009) by the Commonwealth of Kentucky to accept non-hazardous petroleum-contaminated soil & wastewater. Only soils contaminated with refined petroleum products (gasoline, diesel, jet fuel, and kerosene –[BTEX – PAH]) and crude oil may be accepted by the facility. TMLF is not a standard storage facility; rather it is a treatment facility utilizing bioremediation to remove the non-hazardous petroleum-contamination from the soil or water.

The Commonwealth of Kentucky has established clean soil standards. Your contaminated soil will be treated at the TMLF facility until it meets or exceeds these clean soil standards. Once the clean soil standards have been met, future liability to the Generator for the previously contaminated soils is eliminated, according to the clean soil standards set forth by the Commonwealth of Kentucky. Providing the materials you deliver to TMLF meet the analysis parameters set forth in the Criteria Acceptance form, the bioremediation process utilized by TMLF will restore the soil to the state's clean soil levels. Upon payment, a certificate certifying successful treatment will be issued upon request.

All invoices shall be payable to and business executed to and from Triple M Land Farms, 665 Schweizer Rd., Franklin (Simpson County), Kentucky 42134. Telephone (270) 586-5274.

Terms are net 30 days w/2% per month finance charge unless otherwise noted and acknowledged by a representative of TRIPLE M LAND FARMS, INC and noted on the appropriate waste profile.
