Noted:

ACCEPTANCE CRITERIA for WATER

Non-Hazardous Petroleum-Contaminated Wastewater

Triple M Land Farms, Inc. (TMLF) of Franklin, KY has been approved by the State of Kentucky, Natural Resources and Environmental Protection Cabinet, Division of Waste Management, to accept non-hazardous petroleum-contaminated water for treatment. This approval is granted under Permit # 107-00009. Liquid waste for treatment which is not subject to regulation under 401 KAR Chapter 42 must be shown by appropriate analysis to be non-hazardous.

ACCEPTANCE CRITERIA

Any other petroleum related wastewaters for treatment must be shown to be non-hazardous. The appropriate tests are:

- TCLP Benzene (result must be less than 0.5 mg/L)
- Total Lead (must be less than 5 mg/L)
- Flashpoint (must be greater than 140 degrees F)

For **On-Line** use, this *Water Treatment Order* must be accompanied with a Waste Acceptance Contract/Terms agreement (CONTRACT button) and a Criteria Acceptance form (CRITERIA button).

GENERATOR CERTIFICATION:

"I shall hereby certify to the best of my knowledge that the **material** represented herein and manifested is **non-hazardous and is as described and are not subject to federal regulations for reporting proper disposal of hazardous wastes** and I understand that **Triple M Land Farms, Inc.** shall not accept any hazardous wastes, creosote or other wood preservative, or chlorinated hydrocarbon soil or water and certify that to my knowledge the above waste does not contain any of the above.

All insurance claim jobs shall also have the name of the insurance company and its contact person and phone number written below.
